EASY SAILING

EVERYTHING IN HAND, EVERYTHING IN YOUR SIGHTS

You will be surprised. You can sail this yacht single handed, whenever you like. Setting, hauling in, shortening and trimming the 103 m² sails can be carried out comfortably and directly from helmsman position. From there you will have a complete overview at all times. At HANSE, we call that „Easy Sailing“. Once you have experienced it you never want to sail without it anymore!

TODO BAJO CONTROL

Se sorprenderá. Este yate se puede, si se quiere, navegar en solitario. Izar, rizar, arriar y trimar el velamen de 103 m², todas ellas maniobras que se pueden realizar directa y cómodamente desde la rueda del timón. Desde aquí tendrá siempre todo bajo su control. Es lo que en HANSE llamamos «Easy Sailing». ¡Algo de lo que a partir de ahora no querrá prescindir!

LA MAITRISE TOTALE

Vous allez être surpris. Seul ou en équipage réduit, vous maîtriserez ce voilier ! Les virements de bord, le réglage des voiles et même les prises de ris pour réduire les 103 m² de surface de voile, s'exécutent facilement sans avoir à quitter le poste de barre. Chez HANSE nous appelons ça „Easy Sailing“. Vous ne pourrez plus vous en passer !

ALLES IM GRIFF, ALLES IM BLICK

Diese Yacht segeln Sie ganz allein – wenn Sie wollen. Segelsetzen, Wenden und auch Reffen von insgesamt 103 m², unterstützt vom HANSE „Easy Sailing Concept“, erledigen Sie vom Steuerrad aus ganz ohne Anstrengung. So geht Segeln heute!

TUTTO SOTTO CONTROLLO

Ne sarete sorpresi. Se volete, potete portare da soli questa barca. Le virate, la regolazione delle vele e anche le prese di terzaroli per ridurre i 103 mq di superficie velica, e tutto senza fatica e senza lasciare la ruota. Noi in Hanse chiamiamo tutto questo „Easy sailing“. Non potrete più farne a meno

A CLEAR SUCCESS

A yacht design is the combination of functionality, modern aspects, elegance and of course, the design is always based on this task. A cockpit must be safe, large enough and comfortable. The deck must be safe to walk on even in bad weather. Portholes and windows must provide lots of light and air. With the HANSE 455, the design is a perfect success!

OBJETIVO LOGRADO

El diseño de un yate es el resultado de combinar funcionalidad, modernidad y elegancia. Naturalmente, la forma debe ajustarse siempre a la función. Una bañera debe ser segura, espaciosa y cómoda. Por la cubierta se debe poder transitar sin complicaciones incluso con tiempo adverso y a través de las escotillas debe entrar mucha luz y aire. ¡Con el HANSE 455 el diseño nos ha salido perfecto!

LA CLEF DU SUCCES

La conception d'un voilier est la combinaison de fonctionnalité, modernité et d'élégance. Bien sûr, la forme est toujours conditionnée par l'usage. Un cockpit doit être sûr, spacieux et confortable. Les passes avant doivent être facilement praticables en cas de mauvais temps. Les capots et les hublots doivent favoriser l'aération et l'éclairage. Tel est le Hanse 455. Nous avons réalisé un travail parfait !

ERKENNBAR GELUNGEN

Ein Yachtdesign ist die Kombination aus Funktionalität, Moderne und Eleganz. Natürlich orientiert sich die Form immer an der Aufgabe. Ein Cockpit muss sicher sein, groß genug und bequem. Das Deck muss auch bei schlechtem Wetter leicht zu begehen sein und durch Luken und Fenster soll viel Licht und Luft gelangen. Bei der HANSE 455 ist uns das Design perfekt gelungen!

LA CHIAVE DEL SUCCESSO

La progettazione di una barca a vela è la combinazione di funzionalità, modernità ed eleganza. Il pozzetto deve essere sicuro, spazioso e confortevole. I passavanti devono essere facili da percorrere anche in caso di tempo duro e gli oblò e i passauomo devono favorire la ventilazione e l'illuminazione. Questo è l'Hanse 455. Abbiamo fatto un lavoro perfetto!

INTERIOR DESIGN

THE FEEL-GOOD FACTOR

The interior is a balanced composition of many components. The room proportions and lighting play an important role, alongside colours, furniture design, fabrics and many special details. When you feel at home on board, we've got everything right!

EL FACTOR DEL BIENESTAR

El interior es una equilibrada composición de muchos componentes. Es importante la proporción de los espacios y su iluminación. A ello hay que agregar colores, diseño de muebles, materiales y cantidad de pequeños detalles. Y si allí dentro se siente usted a gusto, es que lo hemos hecho todo bien.

LE FACTEUR BIEN-ÊTRE

L'équilibre intérieur est une combinaison de nombreux éléments : Les volumes et l'éclairage en sont la condition essentielle. Auxquels viennent s'ajouter les couleurs, le design des aménagements, les matériaux et beaucoup de petits détails. Et si vous vous sentez à votre aise, cela prouve que nous avons réussi.

DER WOHLFÜHLFAKTOR

Das Interieur ist eine ausgewogene Komposition aus vielen Bauteilen. Wichtig sind die Proportionen der Räume und deren Beleuchtung. Dazu kommen Farben, Möbeldesign, Materialien und jede Menge kleiner Details. Und wenn Sie sich darin wohlfühlen, haben wir alles richtig gemacht.

IL FATTORE BENESSERE

Gli interni sono un insieme equilibrato di diversi componenti. Le proporzioni degli spazi e la loro illuminazione sono fattori fondamentali. Inoltre, entrano in gioco colori, design dei mobili, materiali e molti altri piccoli dettagli. E se vi sentite a vostro agio sulla vostra barca, significa che abbiamo fatto bene il nostro lavoro.
