AC45

The Moody Aft Cockpit 45 captures the spirit of a golden age of yachting whilst being completely up to date in terms of performance and comfort. The long classic coach roof with oval windows and the sturdy windscreen blend seamlessly with a modern underwater shape and an effective keel and rudder design.

elegant &
timeless design

Twin steering wheels

Stainless steel mooring cleat

elegant &
timeless design

Elegant fixed windscreen

Pushpit with teak seats

High gloss saloon in mahogany

Lockers alongside the cabin wall

Stylish accessories

elegant &
timeless design

Spacious head with separate shower

Aft cabin with lots of storage

Modern galley in classic style

elegant &
timeless design

The Moody Aft Cockpit 45 is a true offshore sailing yacht, with her twin-wheel steering position providing excellent visibility. The composite performance keel produces a high level of stiffness and upwind speed and a double forestay and standard well-cut sails drive the yacht forward with ease.

safety &
seaworthiness

safety &
seaworthiness

Swanwick on the River Hamble was home to Moody Yachts from the middle of the 19th century and the boats built there encompass more than 150 years innovation. The founder John Moody passed away in 1880 and was succeeded by his son Alexander. He determined that all Moody yachts would feature the highest quality materials and workmanship – and this continues to the present day. Since 2007 another well-established boat manufacturer has been continuing the Moody tradition: HanseYachts AG. As a result, the production process is now almost entirely automatic, precise to a millimetre and significantly faster than before.
