All Sealine yachts are born of the same values: they feature wide interior spaces, an amazing quantity of natural light and outstanding design with German engineering inside. As for these trademarks, the S330v displays the true spirit of Sealine.

## WHATEVER YOU LIKE TO ENJOY – THE S330v IS THE PLACE TO BE

Bathing, soaking up the sun, barbecuing: the Sealine S330v has all it takes to satisfy every desire that comes to your mind. Extra-large sunbeds can be placed in the bow section. The cockpit table easily converts into another sunbed, making it possible to invite four guests to relax outside – at the same time. Onboard of this sports cruiser, the sun shines for everyone.

Thanks to the open stern and partially glassed sides, the Sealine S330v provides you with lovely sun and fresh sea air at all times. When you slide open the sunroof and retract the bimini over the cockpit, you will get the maximum of daylight. To make the summer feeling complete, you can enjoy countless amenities of grand comfort, including a gas grill, two sun lounges and a bathing platform. No doubt: the Sealine S330v already fulfills your every desire for luxury.

## SEALINE S330v

Instant throttle response. Precise steering characteristics. Awesome sportiness and acceleration. If you expect your driving experience to be most spontaneous, the outboard-powered Sealine S330v will arouse all your enthusiasm. Her low draught allows manoeuvring, snorkeling or bathing close to the coast. In addition to these benefits, steering the yacht when reversing is beautifully simple.

## FOR A PERFECT MATCH, TAKE THE BEST OF EVERYTHING

At a length of 33 feet, the Sealine S330v provides everything you would expect from a supremely comfortable motor yacht. A full-featured galley, a luxurious saloon and two double cabins, all designed in an elegant yet modern style. Once inside, you realise why light switches are rarely used before sunset. Large hull windows provide abundant natural light – as well as wonderful views to the maritime scenery beyond.

The S330v features an interior so versatile that it is defined only by your needs. For example, you can order your yacht with or without bulkhead between the saloon and forward cabin – and you still have the benefit of a separate cabin in the rear.

## TAKE A SEAT – AND THEN TAKE OFF

One of Sealine's trademarks is to arrange the instruments in a way that brings ergonomics and style into perfect balance. The helm station is a designer piece in itself, adding a spectacular touch to the space with its gleaming, chrome fittings. The joy of driving can be shared by two thanks to the twin co-pilot seat on the port side.

# SEALINE S330v

## POWERED BY 2 X 300 HP

Because outboards release all their power in the exact direction you steer, they are very agile and great fun to drive. Being able to lift the entire motor out of the water also makes maintenance very easy.

## LAMINATED POWER GRID

The hull reinforcements of the Sealine S330v are elaborately laminated – giving you the advantages of a high-strength yacht with a reduced weight.

## DEEP V-SHAPE KEEL

The Sealine S330v hull has a deep-V shape. This means the Sealine is exceptionally stable in the water, making for more comfortable boating.

## UPRIGHT STEM

The vertical bow with its curved foot pierces the waves elegantly and efficiently. This, in turn, results in more comfort and more boating pleasure.

## GERMAN PRECISION AND PASSION FOR THE SEA. THAT'S WHAT A SEALINE IS MADE OF.

In 2013, the Sealine brand found a worthy new home on the German Baltic coast. At our shipyard in Greifswald, we have perfected the interplay between state-of-the-art manufacturing techniques and skilled employees.

The outstanding people in our team perform their work with enormous experience, a deep understanding of the customer and great dedication.

In addition, we are thrilled to cooperate with our British partner Bill Dixon. Working closely with our in-house experts, the award-winning designer is creating a new range of innovative Sealine models.

Above all, we believe that what holds true for the experienced boater, also holds true for us as boat builders. Beyond the individual skill, there is something which genuinely binds all of us at Sealine: A great passion for the sea.
