THREE DECKS OF INDULGENCE

The new **Sealine F530** celebrated its world premier in Palma de Mallorca.

The Sealine F530, the largest yacht of the Sealine series with 16 metres in length, was officially presented at the Boat Show in Palma de Mallorca on April 28.

On three decks this yacht indulges its guests with elegant lines, true size and luxurious amenities. Two floor levelled 3.90 by 1.70 metres panoramic windows in the salon create a phenomenal effect, which reminds of a modern loft overlooking the sea. A wide sidewalk offers a path to the sun lounge in the bow area, which gives you ample space to sunbath or to have dinner under the stars.

A special highlight of the Sealine F530 is of course the flylounge, which can be used as an exciting helms position or for exclusive parties in the harbour. A retractable table also provides the possibility to turn the seating area into a luxurious sun terrace.

The philosophy of Sealine is to perfectly make use of every centimetre of the yacht. This concept has been implemented under deck in an impressive manner. In the bow

and centre are two large cabins, each with a king size bed. On portside there is an additional cabin that accommodates two more guests. On request, the space in the stern can be fitted with a crew cabin, including a head. This space concept offers maximum privacy to the owner and guests

Sealine's mission for this latest addition to the range was to create the true feeling in terms of spaciousness and innovations. The Sealine F530 has achieved this ambition with the help of three particular features: the double full length hull window design, unique bow dinette area and incredible light and easy access to the salon and bow.

These innovations have made more internal and external space available and the result is a level of luxury accommodation and difficult to be matched by any competitor

The F530 is powered by two Volvo Penta IPS pod drive engines with each 600hp, giving a comfortable cruising speed of 26 knots. 

Sealine is represented in Malta by Yachting Partners Malta Limited of Pieta. For more information call on **2125 2727, 9949 4685, 9947 7750** or e-mail info@ypm.com.mt.
